

Do you have an innovative solution to help advance our planet's fuel and food sustainability challenges?

GLOBE | 20
CAPITAL | 19

FINANCING THE 21ST CENTURY
Toronto | February 27-28 2019

Join Prairie Biosciences Canada's Delegation!

Why Attend Globe Capital?

Establish new partnerships!

Globe Capital in Toronto is an opportunity to meet with senior decision-makers - venture capitalists, corporate innovators, infrastructure developers, policy makers, and other cleantech leaders.

Early Bird Offer ends Friday December 14. Save \$300 on your ticket!

Export Opportunities

Financial subsidies up to \$2400 are available to assist prairie-based companies with registration, travel and accommodation costs.

Pre-conference training is available to help you make the most of your time at the event.

Our delegates will stand behind a united brand designed to ensure a stronger presence at events while providing a home base to free up your valuable time to attend B2B meetings.

Prairie Bioscience Canada helps Clean Biotech companies to expand their international market presence and accelerate growth. We can assist with the financial aspect of attending trade shows via a subsidy of exhibition space, conference registration, travel and accommodation. We also offer mentoring and training to maximize your conference experience.
