PSG ANNUAL CONFERENCE 2017

Health Canada: Keeping Up with Change

This 2-day Conference is the largest event of the year proudly hosted by PSG and will be centered around Health Canada policies and regulation updates. This year's exciting Symposium will feature several distinguished speakers from the Bureau and Inspectorate presenting on topics including post notice compliance changes, bioequivalence, international collaborative regulatory initiatives and other updates within Health Canada.

We are delighted to welcome Bruce Randall, Director of the Health Canada Bureau, as our Keynote Speaker. Day 1 will feature other Bureau presenters including Alison Ingram, Gary Conrad, Craig Simon, and Krishnan Trirunella. Day 2 will feature speakers from the Inspectorate including Executive Director Kimby Barton, Reza Salezadeh-Asl, and Rosalee Scarito. In addition to the 2-day Symposium, the Conference will also include an Exhibitor's Hall, Job Fair, and a Cocktail Reception networking event.

This Conference offers Attendees and Exhibitors an excellent opportunity to network with business colleagues, Health Canada, and senior Pharmaceutical Industry officials. Laboratory instrumentation suppliers, contractual quality service providers and regulatory compliance consulting groups have been invited to participate in the exhibition. We hope to see you at this informative and engaging event.

For more information, please visit our Conference website at www.psgannualconference.com
